At this point you must login to the microsite and update your profile to continue with the hiring process.

1. Click the login button on the microsite.

2. Here is how the login form looks:

3. Enter the login credentials you would have received in the registration email.
4. Click the Login button to enter the site and open the application form.
5. If you forget the password, you can reset it using the “Forgot Password” link. You will receive the password in your email inbox.
6. On successful authentication, you will be redirected to your profile page.

This process captures comprehensive information about you, encompassing your personal details, educational history, and work experience. Fill in all the required fields with accurate and up-to-date information.

- **Personal Details:** fill your name, contact information, and all other essential personal details.

- **Educational Information:** provide information about your educational background, including degrees earned, institutions attended, and year of study.
- **Work Experience:** provide details about your professional history, including previous company, and experience.

**Note:** *internship at any organisation is not considered part of your work experience.*

- **Other Details:** provide details about your family, upload your CV, and photograph.

Ensure that no mandatory fields are left blank and that all the information added is accurate and complete.

7. After entering the details in each tab, click the **Save and Next** button to save the information you have entered.

Before moving to the next tab, review the information. If needed, edit and make any necessary corrections. Ensure that all the details are added accurately and comprehensively. Once submitted, the details remain final and cannot be edited.

The **Save Details** button helps to save your progress after completing each section to avoid data loss.

8. Click the **Submit Details** button, after confirming that all the details provided are accurate and complete.

**Note:** *Once submitted, the details remain final and cannot be edited. So, ensure you have filled in all your details before clicking the 'Submit Details' button.*

By following this step-by-step approach and saving your progress after completing each section, you can ensure a thorough and error-free registration process, capturing all required personal, educational, and work experience details.

Once your information is submitted you will receive an application completion email. It may take a few minutes to reach your mailbox. Please note the email will come from "noreply@relianceget2024.in". Here is a sample of the Application Completion email:
